RE: Open Burning of Non-Conforming Materials

Dear Ms. Nashawaty

The New Hampshire Department of Environmental Services, Air Resources Division ("DES"), has reviewed the actions taken by the City of Franklin in response to the Letter of Deficiency No. ARD 2002-009 ("LOD"). DES has determined that the specific issues identified in the LOD have been resolved in a manner consistent with the N.H. Admin. Rules Env-A 100 *et seq.*, N.H. Rules Governing the Control of Air Pollution. Based upon DES's determination that compliance with the LOD has been achieved, DES is issuing this Letter of Compliance.

Please be advised that DES will continue to monitor the compliance status of the Franklin Solid Waste Transfer Station. This letter does not provide relief against any existing or future violations. It is important that the City of Franklin be aware of and complies with all of the requirements in its Authorization to Burn No. OB-00005715 and Env-A 1000, *Prevention, Abatement and Control of Open Source Air Pollution*. Please feel free to contact DES should you have any questions regarding compliance with the rules or the Authorization to Burn.

DES recognizes the efforts that the City of Franklin has taken to come into compliance. If you have any questions regarding this Letter of Compliance, please contact Joseph Ritz, Compliance Bureau, Air Resources Division at (603) 271-1391. Thank you for your cooperation.

Sincerely,

Pamela G. Monroe
